# European Cities Against School Segregation

Oslo

Norwegian University  
of Life Sciences

Residential  
segregation

School  
segregation

Residential  
segregation

School  
segregation

**Residential  
segregation**

Planning and  
housing policies

**School  
segregation**

Education policies

# Comparative, context sensitive approach

Different contexts in terms of :

- social structure and trends
- residential patterns and segregation
- admission policies in schools
- school system (public/private)
- local governance of education / planning-housing policies

## Section 1: The international Project

- *Aim and structure of the Erasmus+ project:* **Xavier Bonal**, (Universita Autonomia Barcelona)
- *School segregation in Milan and Barcelona:* main patterns and policies - **Carolina Pacchi** (Polimi); **Xavier Bonal**, (Universita Autonomia Barcelona)
- *The cataloge of indicators:* **Konstantinos Mouratidis** (NMBU)
- *Course materials for policy makers:* **Roberta Cucca** (NMBU)

# *Course materials for policy makers*

-School segregation: definition, trends, drivers and implication

-Policies

1. Planning school supply
2. Admission policies and detection of vulnerable groups
3. Information policies
4. Targeting and compensatory measures
5. Governing policies to tackle school segregation
